FOR IMMEDIATE RELEASE

Capes, Sokol, Goodman & Sarachan, P.C. Implements Best Authority Light to Produce an Excellent Tables of Authorities

LEESBURG, VA – July 23, 2013 – [Levit & James, Inc. \(www.levitjames.com\)](http://www.levitjames.com), developer of the industry-leading Table of Authorities (TOA) software Best Authority, announced today that Capes, Sokol, Goodman & Sarachan, P.C. has implemented Best Authority Light to dramatically improve proficiency in TOA generation. Best Authority Light was designed for small firms and solo practitioners. It includes the most important capabilities of the Premium edition at a lower price.

Capes, Sokol, Goodman & Sarachan, P.C.'s practice areas include litigation, appellate, business and finance, real estate, tax, white collar, and family law. The attorneys in the litigation and appellate practice areas frequently create briefs that require a TOA. The staff was prompted to seek a more efficient solution than using Microsoft Word for creating a TOA. With the purchase of Best Authority Light, the lawyers have been extremely happy with the results and the staff has received positive feedback.

Lauren Dodge, Legal Secretary at the firm, commented, "Best Authority Light is well-suited for the work we do. It has been a blessing for me personally because I am responsible for creating all the TOAs for the attorneys. I now spend 30-45 minutes, at the most, putting together a TOA, which is a fraction of the time it used to require. I strongly recommend Best Authority Light to other law firms. The software has dramatically improved our daily workflow and has supported our continued success by providing proficiency and excellence in generating a TOA."

Ian Levit, Vice-President of Levit & James, commented, "We are thrilled that Best Authority Light provides an efficient way for Capes, Sokol, Goodman & Sarachan, P.C to create TOAs. We continue to prioritize the needs of our customers and encourage their feedback to help us develop useful and intuitive software."
